HOOSIER COBRA CLUB

JUNE, 2019

VOLUME 9

Long Time in the Making

This newsletter is an irregularly published publication of the Hoosier Cobra Club, Inc.

It has been quite a while since the last newsletter. Life certainly has a way of keeping you from getting around to everything you need to get to.

Sometimes it seems like I've got 'way too much stuff going on.

Nevertheless, pull those belts tight, and let's get caught up with all that has happened and is about to happen at Hoosier Cobra.

Mike

2018 Recap---Lots to do with Hoosier Cobra!

The ladies and gentlemen of the Hoosier Cobra stayed busy in '18. The highlights included the spectacle that is the London Cobra Show weekend, running the cars hard at the Winchester Speedway and cruising through Plainfield, ending up at Legacy Motorsports. Although our French Lick/West Baden Springs weekend got rained out by near-record downpours, we had a couple other cruises and car shows that provided us with lots of fun and camaraderie during the season.

2019 Promises to be Just as Much Fun!

The calendar of events for 2019 has our club going to many of the same events as last year. Check out the website for all those details. Obviously, the weather causes us to have to cancel or postpone some of our events, but we'll get all of them in that we can. We've already had our '19 business meeting, our Kopper Kettle lunch cruise, our French Lick weekend, and our Morgan/Monroe/Brown County cruise.

We would like to have an event that runs somewhere in the northern part of Indiana this year. We tend to do a lot of our cruising in scenic southern Indiana, but we're looking for something "north" to do this year. Pass along any ideas you have.

We don't have to **only** do the events on the schedule, either. We can throw together some impromptu cruises on the spur of the moment, too. Let's say, if we notice that the weekend weather looks good for a coming weekend where nothing is scheduled, we can get on the phone, get on the e-mail, and quickly organize a trip to a cruise-in or some other destination. If you have an idea, bring it up. There might be several others who would like to go, too.

Yep! The dues are due!

As in the past, dues are \$35 per year. Let's face it-where can you have this much fun for less than \$3 a month? Mail your check, made out to Hoosier Cobra, to Bob Lennon's house at 210 Surrey Hill, Noblesville, IN 46062.

News From Around The Club

There are some new faces in our membership already this year, and we're excited to have them cruise with us.

Also, there are at least 4 new cars under construction that I know of. Keith Henline, Steve Cadwallader, and Aaron Sokeland are all building new cars, and all of them are Factory 5 Racing Daytona coupes. Rick Ortman is building a new roadster. We're anxious to see those new rides on the road.

Jeff Kleiner continues to stay busy building and painting FFR cars these days. Ask him to tell you about his experience at the SEMA show this year, where he and a couple other guys built a coupe right out in front of everyone- and did it in just a couple days.

Did you know that we took up a collection from all the members who made hot laps at Winchester Speedway last fall? Yep, we made a nice donation to Winchester's charity of choice, the National Sprint Car Museum in Knoxville, IA for their Racers at Rest program...just our way of saying thanks for a really fun weekend.

Don't forget to register for the 2019 London Cobra Show. There are a few changes to this year's show that should make for a very enjoyable weekend. Go to www.londoncobrashow.com.

Hoosier Cobra, Inc. was formed in 2013 and is registered as a not for profit corporation in Indiana. Our club strives to serve those hobbyists who fancy the Shelby Cobra and the many replicas of that iconic automobile. We purchase insurance for the club and endeavor to conduct the club's business in a professional and respectable manner.

The emphasis is always on having fun, but doing it safely.

A board of 5 directors oversees the club's activities, but we're always looking for someone willing to step in and take an active role in the club. We like to look for fun places to drive our pseudo-Snakes and fun things to do when we get there.

Please note our corporate sponsors and patronize them as much as possible.

- SBC Wealth Management
- Rock Solid Hardscapes
- Mikar
- Legacy Motorsports
- Kleiner-built Cars
- Globe Asphalt Paving

Members who want their car pictured on the Hoosier Cobra website, contact Terry at the number below. Check out our site! Our website is maintained by Pam Clarino, to whom we owe an enormous "thanks."
